New Orleans, May 8.—From the
flooded districts of Louisiana refu-
gees brought into Baton Rouge, New
Roads, Opelousas, Lafayette and
other places tell the most harrowing
stories yet recorded of suffering and
death in the interior of the state. A
number of men and women were
crushed with fear and hardship, while
many others were so ill they had to
be hurried to hospitals or given such
immediate temporary relief as sur-
geons on the rescue boats could
supply.

Eighteen persons, 16 of them ne-
groes, engaged in rescue work or al-
ready rescued, were drowned in
three accidents near Torras. A mo-
torboat containing 14 negroes cap-
sized and sank, drowning all on
board, and two negroes went to
death in a barge that sank. Two
white persons near Baton Rouge met
death in a similar manner.

There was no break of conse-
quence in any levee, but there was
little real relief evidenced, as the
rising river continued to exercise a
constantly increasing strain upon the
weakened walls of mud. There was
no rain in the state, and that fact
supplied almost the only real note
of cheer.

Says Plutocrats Want to See Harmon
In White House.

Toledo, O., May 8.—Charging that
the candidacies of Harmon and Un-
derwood are part of a general enter-
prise of the special interests and
Wall street to control the Democratic
presidential nomination, W. J. Bryan
closed here the first day of his sec-
ond pre-primary invasion of Ohio.
Bryan spoke in 13 cities in Ohio, in
most places a driving rain prevail-
ing, but in spite of this drawback
thousands of farmers were on hand
to greet him.

In his speech here he said among
other things: "Every plutocrat who
has his larcenous hand in the pocket
of the American people is for Har-
mon for president. And why? Be-
cause they hope through Harmon to
continue their control of the supreme
court and the interstate commerce
commission."

It was announced that during the
present primaries campaign Senator
LaFollette would invade the state
and make addresses at Cleveland, Co-
lumbus and Toledo.

Denies Bryan's Charge.

Washington, May 8.—Oscar W.
Underwood of Alabama, majority
leader of the house and candidate for
the Democratic presidential nomina-
tion, declared that his presidential
candidacy was not in the interest of
Governor Harmon nor of any candi-
date other than himself. This was
in reply to a statement of William
J. Bryan in a speech at Chillicothe,
O., that he had heard that the Un-
derwood delegates chosen in Georgia
and Florida were in reality Harmon
men.

Repairmen

Declare They Might as Well Be
Killed as Starve.

Scranton, Pa., May 8.—A mob of
500 mostly women, armed with iron
drills, clubs and stones, attacked a
party of repair men on their way to
work at the Dickson colliery of the
D. & H. and badly beat up four men.
James Gasterlin drew a revolver
and fired one shot, but a blow from
a woman with a club felled him and
he was badly beaten. Police rushed
to the scene clanging the bells of
the patrol wagons. The mob made
a passageway for them but did not
disperse.

A captain of police started to re-
ason with the women, addressing him-
self particularly to a venerable
giantess who carried a steel drill.
"We don't care if we do kill; we
don't care if we're killed," she shout-
ed back at the officers. "We might
as well be killed as starve to death."
The police forced the crowd to scat-
ter and guarded the mine all day.

his proclamation of acceptance de-
clared he had assumed the duties

Constitutional Convention, In Spite
of Bitter Fight Put Up by Presid-
ing Officer, Incorporates Present
Uniform Rule of Levying Taxes.
Provide For Inheritance and In-
come Taxes—Halenkamp Injun-
ction Proposal Passed.

Columbus, O., May 8.—Advocates
of the uniform rule of taxation won
a notable victory in the constitu-
tional convention, and the discom-
fiture of the "allies"—the combina-
tion of single taxers, classification-
ists and those opposed to change in
the taxation system—was complete,
and President Bigelow, who achieved
a temporary victory by impassioned
eloquence, experienced as serious a
setback as he has suffered since he
began campaigning for the single tax.

His victory, snatched from him
after he and Delegate Doty, who led
the triple alliance, thought they had
killed the taxation proposal by graft-
ing amendments obnoxious to the
uniform rule supporters. Mr. Bigelow
was powerless to stem the tide of
sentiment, which demanded action on
taxation. He and his coterie went
to defeat fighting every inch of the
way.

Several Reforms Incorporated.

If ratified by the people at the
polls, the Worthington taxation pro-
posal as it passed the constitutional
convention is expected to work sev-
eral reforms. It will continue the uni-
form rule of taxation. It will restore
to taxation all new public bonds. It
will do away with all forms of poll
tax, which only exists now in the
"road tax" still enforced in many
parts of Ohio.

Provision is made for graduated or
uniform income and inheritance
taxes and for a higher tax on collat-
eral than on direct inheritances. In-
come taxes may exempt incomes un-
der \$3,000 a year.

Provision is made for franchise,
excise and mineral production taxes.
The proposal puts no limit on the
tax rate nor does it provide for clas-
sification of property. It is expected
the uniform rule rate of taxation can
be lowered if state and local revenues
are swelled by the auxiliary taxes
provided for.

The convention passed the Halen-
kamp proposal to limit court injunc-
tion orders in industrial disputes.
The orders can only be directed
against the destruction of property.
Persons charged with contempt must
be tried before juries. This proposal
which was defeated a week ago, em-
braces the ideas of W. J. Bryan.

Funeral Cortege of General
Frederick Dent Grant, U. S. A.

Photos by American Press Association.

THE funeral of Major General Frederick Dent Grant, U. S. A., late com-
mander of the department of the east, was one of the most impressive
seen in New York in many years. It was attended by the president of
the United States and high officers of the army and the national guard,
and many thousands of spectators bared their heads as the procession passed
up Broadway and Fifth avenue on its way from Governors Island to West
Point. The coffin, wrapped in the flag, was carried on a caisson, and behind it
paced the dead soldier's favorite horse, Pet, in flowing black trappings. In the
stirrups, reversed in accordance with military usage, were the general's boots.
Besides the regular troops and militia organizations, the U. S. Grant post of
the Grand Army of the Republic took part in the procession, the veterans hav-
ing the place of honor.

Buckeye Delegates to National Con-
vention—Handles Suffrage Ques-
tion in Diplomatic Manner.

Columbus, O., May 8.—Leaving
Cincinnati early this morning, and
making his first speech at Batavia,
President Taft is talking himself to-
ward this city, where tonight he will
close his first pre-primary campaign
in Ohio with an address in Memorial
hall.

President Taft has changed his for-
mer plans for his campaign trip
through Ohio next week. Instead of
leaving Washington the middle of the
week and spending about three days
in speaking in Ohio, Mr. Taft will
leave Washington on Sunday night
and will devote practically the entire
week speechmaking in northern Ohio.
The campaign in Ohio between
President Taft and Colonel Roosevelt
for the 48 delegates to the Chicago
convention will be more bitterly con-
tested than the recent political fight
in Massachusetts and Maryland.

Talks to Suffragets.

While a guest at the home of his
brother, C. P. Taft, the president re-
ceived Mrs. Ricketts Snell and Mrs.
Sarah Falconer, two active suffragets,
who wanted to ascertain the presi-
dent's views on woman's suffrage.
"The president told us," said Mrs.
Snell, "that if we write to him after

the Republican convention in June,
asking for a statement on the woman
suffrage question, he will give it to
us. He said that he could not prop-
erly give his views at this time."

Mr. Taft called their attention to
his last public statement on this
question and added that at present
he could not say any more except to
express his appreciation of the atti-
tude of the women voters of Califor-
nia and other western states.

"The women of California have
shown," the president remarked,
"that they realize the importance of
the franchise and that they intend to
use it as worthily as possible."

Carpenters' Strike May Involve 15,000 Men

Local Building Affected by Walkout, Which May Soon Paralyze All Building in Cincinnati---Trivial Difference.

Prospects of an end to the Carpenters' strike in Cincinnati, which has tied up all carpenter work on the Dahl-Millikan building here, are not bright, but reports from Cincinnati indicate that within a week fully 15,000 carpenters will be out and all building there paralyzed.

Carpenter work on the Dahl-Millikan building, upon which Cincinnati Union carpenters, with a few local men, were employed, ceased last week, and while the bricklayers are going ahead, the carpenters' strike will eventually mean quite a delay in completing the structure.

The situation at present is given by the Commercial Tribune of Wednesday, which says:

"The bone of contention marks an amusing incident, inasmuch as it shows plainly how trivial may be the differences which cause such enormous losses to the workmen, contractors and the resulting disaster to the reputation of the city at large. For the past ten years the carpenters of Cincinnati have been working under an agreement with the Master Builders' association which provides that 'there shall be no sympathetic strike on account of other trades.'"

"The president and the executive committee of the United Brotherhood of Carpenters and Joiners and the local officers of the Hamilton County Carpenters' District council demand that this clause shall be a part of the agreement between the carpenters and the contractors, but the delegates to the Hamilton County District council, which includes representatives from the different local organizations, refuse to ratify the demands of the national officers and also refuse to put the question of ratification up to a referendum vote of the workmen.

"The matter has assumed such serious proportions that the building operations of the entire city occupy the hazardous position of being thrown into a strike such as Chicago has labored under for the past ten years, and which was caused by the very same differences of opinion. The national officers have been unable to keep the workmen in line; the local officers have had no better success, and the carpenters themselves have not had an opportunity to vote on the question.

"William Reink, secretary of the Hamilton County District council,

refused to give out a statement yesterday as to the position of the workmen, and said that it was not a matter for general discussion in the newspapers.

"The officers of the Master Builders' association of Cincinnati, who include J. W. Cottrell, president, Matt E. Rosenthal, secretary, and William Miller, treasurer, yesterday issued the following statement which explains the situation clearly:

"The building industry in this city has been at a standstill for a week past on account of the strike of union carpenters, and unless speedily settled all lines in the building business will be compelled to shut down.

"There is no question of wages or hours, but the trouble and cause of strike is the refusal of the carpenters to insert in the agreement a clause that 'there shall be no sympathetic strike on account of other trades,' this clause has been a part of all agreements heretofore signed, for the best interests of the city it is to be hoped that the matter will soon be adjusted, as a long-drawn-out strike will certainly be not only detrimental to the future prospects of the building interests, but will soon affect many other lines."

Street Needs Some Attention

Complaint is being made of the condition of Fayette street from Market to Court, a number of really dangerous holes having been worn through or almost through, causing horses to nearly fall and threatening to break axles or springs of passing vehicles.

A large pile of brick has been stacked up on the street in front of the engine house for a long time, and it is pointed out that they might be used to good advantage in making the much-needed repairs.

At the meeting of Bloomingburg lodge, K. of P. Tuesday night, the proposal to erect a large castle hall was discussed for some time, but no definite action was taken, and the affair was allowed to continue over until the next meeting.

The committee was in favor of building a good structure or none at all. It is thought that the ultimate action will result in a new building being erected.

STORE BURGLARIZED DOGS OUT ON TRAIL

Daring Robbery at Edgefield, Where the Lee Jenks Store Is Broken Into and \$40 in Cash Taken.

For the second time within the past year the Lee Jenks general store at Edgefield in Northwestern Fayette, was broken into Tuesday night about 12 o'clock and the place ransacked, the burglars escaping with some \$40 in change, but overlooking \$100 secreted in the room.

When Mr. Jenks went to open for business early Wednesday morning he found that a hole had been cut through the front door large enough to admit of the key inside being removed and used for unlocking the door from the outside, and that \$10 in the cash drawer and in a rice bin was missing.

Mr. Jenks telephoned to Jeffersonville for the bloodhounds, but Mr. Day was not at home, so he secured dogs from Dayton, the animals reaching the scene later in the morning, picking up a trail and following it up the railroad to Jamestown and at one o'clock were still going.

The burglars had helped themselves to cheese and bologna before departing notwithstanding that the Jenks residence joins the store on the south side.

Tearing Down Good Hope School Building

Work on Modern \$20,000 Centralization Building Will Commence Within the Month---Smaller Building Site Chosen.

The Good Hope High school building is being torn down, work commencing this week. Robert LaFollette of Bloomingburg has the contract for demolishing the structure.

This is the structure which was

deemed unsafe, and has been inadequate to house the pupils properly for some time, and part of the pupils have been taught in the Township building in Good Hope.

The structure, a large two-story brick, will be replaced with a modern \$20,000 brick, stone and cement building, work upon it to commence within a short time and be finished by fall.

This building will be one of the largest school houses in the county, and will not only be a township High school, but a centralized school for a large portion of the township, the other buildings in the locality to be abandoned and probably sold to the highest bidder.

The Board of Education has just staked off the site for another \$10,000 centralization building at the intersection of the Robinson and Cisco roads, a short distance north of Cisco, and will commence building within the next two or three weeks. This structure and the Good Hope building will centralize Wayne township.

These two buildings will be constructed from the \$30,000 bond issue which was tied up in the courts until a few weeks ago.

The bonds have been sold to a Toledo firm and the money is now available for carrying on the work.

Carpenters' Strike May Involve 15,000 Men

Local Building Affected by Walkout, Which May Soon Paralyze All Building in Cincinnati---Trivial Difference.

Prospects of an end to the Carpenters' strike in Cincinnati, which has tied up all carpenter work on the Dahl-Milikan building here, are not bright, but reports from Cincinnati indicate that within a week fully 15,000 carpenters will be out and all building there paralyzed.

Carpenter work on the Dahl-Milikan building, upon which Cincinnati Union carpenters, with a few local men, were employed, ceased last week, and while the bricklayers are going ahead, the carpenters' strike will eventually mean quite a delay in completing the structure.

The situation at present is given by the Commercial Tribune of Wednesday, which says:

"The bone of contention marks an amusing incident, inasmuch as it shows plainly how trivial may be the differences which cause such enormous losses to the workmen, contractors and the resulting disaster to the reputation of the city at large. For the past ten years the carpenters of Cincinnati have been working under an agreement with the Master Builders' association which provides that 'there shall be no sympathetic strike on account of other trades.'"

"The president and the executive committee of the United Brotherhood of Carpenters and Joiners and the local officers of the Hamilton County Carpenters' District council demand that this clause shall be a part of the agreement between the carpenters and the contractors, but the delegates to the Hamilton County District council, which includes representatives from the different local organizations, refuse to ratify the demands of the national officers and also refuse to put the question of ratification up to a referendum vote of the workmen."

"The matter has assumed such serious proportions that the building operations of the entire city occupy the hazardous position of being thrown into a strike such as Chicago has labored under for the past ten years, and which was caused by the very same differences of opinion. The national officers have been unable to keep the workmen in line, the local officers have had no better success, and the carpenters themselves have not had an opportunity to vote on the question."

"William Reinke, secretary of the Hamilton County District council,

Street Needs Some Attention

Complaint is being made of the condition of Fayette street from Market to Court, a number of really dangerous holes having been worn through or almost through, causing horses to nearly fall and threatening to break axles or springs of passing vehicles.

A large pile of brick has been stacked up on the street in front of the engine house for a long time, and it is pointed out that they might be used to good advantage in making the much needed repairs.

No Action Taken

At the meeting of Bloomingburg lodge, K. of P. Tuesday night, the proposal to erect a large Castle hall was discussed for some time, but no definite action was taken, and the affair was allowed to continue over until the next meeting.

The committee was in favor of building a good structure or none at all. It is thought that the ultimate action will result in a new building being erected.

STORE BURGLARIZED DOGS OUT ON TRAIL

Daring Robbery at Edgefield.
Where the Lee Jenks Store Is
Broken Into and \$40 in Cash
Taken.

For the second time within the past year the Lee Jenks general store at Edgefield in Northwestern Fayette, was broken into Tuesday night about 12 o'clock and the place ransacked, the burglars escaping with some \$40 in change, but overlooking \$100 secreted in the room.

When Mr. Jenks went to open for business early Wednesday morning he found that a hole had been cut through the front door large enough to admit of the key inside being removed and used for unlocking the door from the outside, and that \$40 in the cash drawer and in a rice bin was missing.

Mr. Jenks telephoned to Jeffersonville for the bloodhounds, but Mr. Day was not at home, so he secured dogs from Dayton, the animals reaching the scene later in the morning, picking up a trail and following it up the railroad to Jamestown and at one o'clock were still going.

The burglars had helped themselves to cheese and bologna before departing notwithstanding that the Jenks residence joins the store on the south side.

RECAP

IN SOCIETY

Mrs. Mart L. McCoy entertained this afternoon with an informal kensington in honor of Mrs. Ed Brown and daughter, Miss Genevieve of Asheville, N. Ca., the guests of Mrs. Frank L. Parrett.

The affair was altogether delightful, the beautiful lawn of the McCoy home so verdant and inviting in the bright sunshine that the guests lingered outside most of the afternoon. A delicious collation was served, the hostess assisted in the cordial hospitalities by Mrs. Frank L. Parrett, Misses Bertha Briggs, Sarah Holmes, Ruth and Doris McCoy.

Forty women enjoyed the affair.

Mrs. Charles Parker has returned from a visit in Greenfield.

Mr. and Mrs. T. H. Craig are spending the day in Columbus.

Mrs. H. Ellis, of Madisonville, is the guest of Mrs. H. L. Hadley.

Mrs. Charles McLean was Mrs. D. H. Van Winkle's guest yesterday.

Mr. Ciny McLean, of Athens, is visiting his sister, Mrs. Ione Bryant.

Mr. and Mrs. J. P. Snyder are the guests of Mr. and Mrs. Ralph Braden of Good Hope today.

Mrs. Anna Jones has come over from Bloomsburg to spend a couple of weeks in the Hudson hospital for rest and treatment. Mrs. Jones has not been well for some time and the quiet of the hospital, where she can be under the constant care of her attending physician, Dr. H. L. Still, will undoubtedly be of much benefit.

Mr. and Mrs. W. D. Craig and son, Thomas, returned last evening from visits in Dayton and Sidney, visiting Mrs. Craig's aunt, Mrs. Isabel Whipp, in the former city, and Mr. and Mrs. Emory Nutt in the latter.

Mr. Lewis McLean, who has been visiting his sister, Miss Rose McLean, left yesterday for his home at Magnolia Springs taking his sister with him for a visit. Evidently they will visit a few days in Delaware.

Mr. and Mrs. John Marchant, daughter, Thelma, and son, Ralph, left this afternoon for Parkston, S. Dakota, where they will make an indefinite visit with Mrs. Marchant's mother, Mrs. Tedeman.

Mrs. D. H. Hare, widow of Dr. Hare, residing in Columbus, since leaving this city, has had the misfortune to sustain serious injuries in a fall downstairs. She is now in Mt. Carmel hospital.

Mr. and Mrs. George French, of Marshall, Mich., and son, the guests of Mr. J. A. Smalley, Tuesday, on a motoring trip to Indiana. Mr. French formerly lived in Bloomsburg.

Relatives here have received word that Mrs. Mary Scott, the daughter of the late Nathaniel Vesey, who suffered a stroke of paralysis at her home in Logan county, a month ago, is recovering.

Miss Mary McDonald and guest, Miss Mary Alice Dee, of Marion, spent Tuesday visiting Miss McDonald's grandmother, Mrs. J. B. McDonald, at Cunningham station.

Miss Elizabeth Ballard and Mr. Alex. Ballard are entertaining Miss Bertha Allen and Mr. Hauke Hay, of Circleville, for the club dance tonight.

Child Kicked and Badly Injured

The 7-year-old son of Mr. and Mrs. Roscoe Elbert, residing on the L. C. Shepherd farm near Bookwalter, was seriously injured Monday by being kicked by a horse.

The child approached too near the animal and the horse suddenly kicked with great violence, striking the little fellow full in the face, fracturing the jaw bone and cutting and bruising the face in a serious manner.

When picked up the child was unconscious and still suffering from pain, although a physician is doing all in his power to hasten the little fellow's recovery.

Seine Owner Is Fined \$50

An unexpected turn took place in the case against W. L. Smith, of Jeffersonville, charged with having a seine in his possession contrary to the law, when Justice C. C. Creamer read a lengthy written decision in which the defendant was fined \$50 and the costs.

The defense made the plea that as the seine had been kept for use in a private fish pond, that it was not unlawful, but Justice Creamer ruled against this.

Attorney C. A. Reid announced that the case will be carried to Common Pleas court.

MEMOIR

Minnie Dawson was born August 29, 1886, died May 4, 1912. The deceased was born in Bloomsburg, Fayette county, Ohio, and died at her parents' home on Maple street, Washington C. H., Ohio.

Minnie was a daughter of Jonathan and Emma Dawson. Death was caused by fever. Minnie was a loving girl, kind and affectionate, and was loved by all who knew her. While she was not a member of any church, yet she showed by her everyday life, her acceptance with God. Her suffering while of short duration, was very great, yet she bore it patiently only waiting for the Master to call for her. While death came suddenly, yet we believe she was ready for the Master's call.

She has gone to join her two brothers, William died March 3, 1906, Frankie died in infancy.

She was married to Charles Clayton in 1904. To them one child was born, Pauline.

She leaves a father, mother, 3 sisters and two brothers to mourn her death.

Funeral services were held on Maple street May 6. Interment was made in Washington cemetery.

A precious one from us has gone. A voice we loved is stilled. A place is vacant in our home. Which never can be filled.

God in His wisdom has recalled. The boon his love has given. And though the body moulders here. The soul is safe in heaven.

From Father, Mother, Brothers and Sisters.

CARD OF THANKS

We wish to extend our thanks to our kind neighbors and friends in the sickness and death of our dear daughter, Minnie, and also extend our thanks to our friends who sent flowers, and thanks to Preacher Locke.

Methods Of Killing Rats

Discourage the killing of the natural enemies of rats, such as owls and hawks, by allowing to live these birds in a year's time would destroy rats that would do ten times as much damage to game, poultry and vegetable products as do the birds of prey.

By the use of cement and concrete build dairy houses, dwellings, barns, stables, poultry-houses, ice-houses, silos, bridges and sidewalks that are rat-proof.

Though the use of slaked lime, white-wash, gas-tar, red pepper, etc. may drive rats away for a short time to get permanent relief they must be destroyed. Cats and dogs are good mousetraps, but they are usually so well fed that they get lazy or are afraid to tackle a big rat—the ones that do the most damage. Therefore one must either use traps or poisons. The Government during the San Francisco plague in 1906-1907 found poison to be the cheapest, quickest and surest way of exterminating rats, and not a single case of accidental poisoning occurred.

By keeping garbage cans covered and food out of the reach of rats and mice for several nights they become bolder from starvation. Then a poison should be put out. This generally gets them all. Sometimes a few sly rats escape. Feed these several nights in the same place. Then put out the poison in the place where they have learned to expect a feast.

Various gases have been used to kill rats in their burrows in warehouses and steamships, but it is difficult to confine the gases to the rat-hole, and as the fumes are poisonous to larger animals and persons also, the use of these is very dangerous. The same objection is true

of the various kinds of rat virus on the market. Their object is to spread a contagious disease peculiar to rats only, but besides being so expensive as to make their use almost prohibitive, the disease often spreads to live stock, causing serious losses, while healthy rats do not "take" the disease.

Therefore, the persistent use of a reliable poison is the best and cheapest method of all.

DON'T LET THE MEN TALK ABOUT YOU—

And take it from me, men will talk, if a woman doesn't stop that odor of perspiration. Its "good-night" to a girl's charm.

To be clever or pretty counts for very little if that offensive bodily odor is lurking about a girl. NICO will turn the trick and make her wholly attractive.

For NICO is the most marvelous product. It instantly and effectively and lastingly destroys odors, and leaves a delicate, dainty fragrance like the breath of spring flowers.

Any woman using NICO regularly each day can lay aside dress shields, for NICO not only kills the odor, but stops excessive perspiration. NICO is also very heating—prevents chafing.

Arm pits, feet and other parts of the body are made sweet, sanitary and refreshed by using NICO. It should always be used on napkins.

Men, women, babies, aged people, even the janitor—everyone in the house including the dog—need NICO. NICO makes you a joy to yourself and to everyone who comes anywhere near you.

Soiled garments should be sprinkled with NICO and then your clothes closet will have a different air entirely.

Child Kicked and Badly Injured

The 7-year-old son of Mr. and Mrs. Roscoe Ellars, residing on the L. C. Shepherd farm near Bookwalter, was seriously injured Monday by being kicked by a horse.

The child approached too near the animal and the horse suddenly kicked with great violence, striking the little fellow full in the face, fracturing the jaw bone and cutting and bruising the face in a serious manner.

When picked up the child was unconscious and is still suffering great pain, although a physician is doing all in his power to hasten the little fellow's recovery.

Seine Owner Is Fined \$50

An unexpected turn took place in the case against W. L. Smith, of Jeffersonville, charged with having a seine in his possession contrary to the law, when Justice V. G. Creamer read a lengthy written decision in which the defendant was fined \$50 and the costs.

The defense made the plea that as the seine had been kept for use in a private fish pond, that it was not unlawful, but Justice Creamer ruled against this.

Attorney C. A. Boyd announced that the case will be carried to Common Pleas court.

MEMOIR.

Minnie Dawson was born August 29, 1886, died May 4, 1912. The deceased was born in Bloomingburg, Fayette county, Ohio, and died at her parents' home on Maple street, Washington, C. H., Ohio.

Minnie was a daughter of Jonathan and Emma Dawson. Death was caused by fever. Minnie was a loving girl, kind and affectionate, and was loved by all who knew her. While she was not a member of any church, yet she showed by her everyday life, her acceptance with God. Her suffering while of short duration, was very great, yet she bore it patiently only waiting for the Master to call for her. While death came suddenly, yet we believe, she was ready for the Master's call.

She has gone to join her two brothers, William died, March 3, 1906, Frankie died in infancy.

She was married to Charles Clayton in 1906. To them one child was born, Pauline.

She leaves a father, mother, 3 sisters and two brothers to mourn her death.

Funeral services were held on Maple street May 6. Interment was made in Washington cemetery.

A precious one from us has gone. A voice we loved is stilled.

A place is vacant in our home. Which never can be filled.

God in His wisdom has recalled. The boon his love has given.

And though the body moulders here. The soul is safe in heaven.

From Father, Mother, Brothers and Sisters.

CARD OF THANKS.

We wish to extend our thanks to our kind neighbors and friends in the sickness and death of our dear daughter, Minnie, and also extend our thanks to our friends who sent flowers, and thanks to Preacher Locke.

Methods Of Killing Rats
Discourage the killing of the natural enemies of rats, such as owls and hawks, for if allowed to live, these birds in a year's time would destroy rats that would do ten times as much damage to game, poultry and vegetable products as do the birds of prey.
By the use of cement and concrete build dairy houses, dwellings, barns, stables, poultry-houses, ice-houses, silos, bridges and sidewalks that are rat-proof.
Though the use of slaked lime, white wash, gas-tar, red pepper, etc. may drive rats away for a short time to get permanent relief they must be destroyed. Cats and dogs are good mousetraps, but they are usually so well fed that they get lazy or are afraid to tackle a big rat—the ones that do the most damage. Therefore, one must either use traps or poisons. The Government during the San Francisco plague in 1906-1907 found poison to be the cheapest, quickest and surest way of exterminating rats, and not a single case of accidental poisoning occurred.
By keeping garbage cans covered and food out of the reach of rats and mice for several nights, they become bolder from starvation. Then a poison should be put out. This generally gets them all. Sometimes a few slip rats escape. Feed these several nights in the same place. Then put out the poison in the place where they have learned to expect a feast.
Various gases have been used to kill rats in their burrows in warehouses and steamships, but it is difficult to confine the gases to the rat hole, and as the fumes are poisonous to larger animals and persons also, the use of these is very dangerous. The same objection is true

DON'T LET THE MEN TALK ABOUT YOU—
And take it from me, men will talk. If a woman doesn't stop that odorous perspiration, it's "good-night" to a girl's charm.

To be clever or pretty counts for very little if that offensive bodily odor is lurking about a girl. NICO will turn the trick and make her wholly attractive. For NICO is the most marvelous product. It instantly and effectively and lastingly destroys odor, and leaves delicate, dainty fragrance like the breath of spring flowers.
Any woman using NICO regularly each day can lay aside dress shields, for NICO not only kills the odor, but stops excessive perspiration. NICO is also very healing—prevents chafing. Arm pits, feet and other parts of the body are made sweet, sanitary and refreshed by using NICO. It should always be used on napkins.
Men, women, babies, aged people, even the canary bird—everyone in the house including the dog—need NICO. NICO makes you a joy to yourself and to everyone who comes anywhere near you.
Soused garments should be sprinkled with NICO and then your clothes closet will have a different air entirely.

MOTHERS' DAY.

Next Sunday, May 12, is Mothers' Day—the day set apart "to honor the best mother that ever lived—your own."

Each year during the comparatively short period which the observance of Mothers' Day became a fixed custom, the observance of the day has been growing more general and more pronounced until now it is becoming recognized as a well established flower day, the same as Easter and Decoration Day.

Governors and mayors are each year issuing proclamations calling attention to this one day in the year set apart for a splendid purpose, in order that the busy, hurry up American people may not overlook the coming of that day.

So great, as a result of these efforts to fix the time firmly in the minds of the people has become the demand for cut flowers that florists now make preparation for the day by laying in an extra supply of cut flowers. Indeed there is grave prospect that this year the supply of white carnations will fall short of meeting the demand.

Mothers' day is a day which every loyal American should observe appropriately. It's wholesome in its effect upon every man, woman and child who, in the proper spirit, consecrates a few hours or even a few minutes on one day of the year in loving reverence, those who are blessed in having a living mother and by those whose mother is dead, to the memory of her who smoothed the way in life and has gone to prepare it "up yonder."

No more fitting outward token of the existence of that love and reverence and of a complete though temporary surrender to its ennobling influence could be devised than the white carnation.

Give up for a portion of one day the material things of life and think of her and give outward evidence of that surrender.

Working Out Our Own Salvation

By L. H. O'CONNOR

And now comes a great writer who says that we are too stingy, that we should spend more money, eat better food, wear better clothes, pay our friends' car fare. That such a course is money well invested. Henry Ward Beecher is reported to have said that a dollar a day was enough for a laboring man. Ingersoll advised young men if they had but a dollar to "spend it like a god." Every banker will tell us that if we have a dollar we should deposit it with him, and he will make us rich.

I wonder if it has ever occurred to these people that the majority of men do with their money as necessity requires. There is not much choice for many of us. Philosophy, economics and frugality are all right in their places, but there is no fixed rule by which a dog can be made to wag his tail. He is governed by the occasion whether it's a fight or a frolic.

I have many times been in the wheat pit on the Chicago board of trade, where 1,000 men were yelling, clawing each other like wild beasts, when from the edge of the pit a well known character noted for his keen, shrill voice would cry aloud: "This is a gay life."

Laughter and ridicule sometimes has a quieting effect. Life, if not "gay," is certainly susceptible of numerous variations. We each have our own individuality. Each is himself alone. He can be no one else. No general rule of conduct applicable alike to all can ever be successfully carried out.

When Adam and Eve passed out of Eden beneath the flaming sword they were apprised that the world was all before them. Since then man in his wanderings has made many discoveries, many secrets of nature he has unlocked, but the greatest of them all remains a mystery, that is, man himself. God does not intend that his kingdom shall be filled with counterfeit presentments. We must work out our own salvation, crystallize, harmonize and purify and do it alone.

"Know then thyself, presume not God to scan; the proper study of mankind is man."

Men as Pure Minded as Women

By PROF. WM. A. McFEEVER
Kan. State Agricultural College

Judged from the standpoint of the future well being of the American people, social purity is a more important issue than the tariff or the conservation of natural resources.

Boys and girls of all ages should be allowed frequent association with the opposite sex under proper restrictions.

The line fence that separates the sexes at school and elsewhere is a shameful advertisement of our dual standard of morals. Women are not naturally any more pure minded than men. Take down the line fence; inculcate the same degree of cleanness of thought, speech and conduct before boys as before girls.

Parental ignorance and neglect constitute the first contributing cause of the great prevalence of the social evil.

Let American parents rally to the great social obligation of training their children for pure thinking and clean sexual life, and the race will quickly manifest the splendid manly and womanly qualities inherent in our ordinary human breed.

Athletic sports, vigorous and joyful outdoor exercises so both the physical and mental exuberance of youth may find a wholesome outlet, are recommended.

The long-standing theory that every boy must sow his "wild oats" has been successfully controverted by specialists.

ALL RUN-DOWN AND GENERALLY MISERABLE

NEW TONIC TONA VITA IN USE AT HEALTH RESORTS FOR THIS TROUBLE.

If you are nervous and run-down with little vitality or ambition, and feel generally miserable and half-sick, you are suffering from nervous debility. If so you should investigate the new tonic "Tona Vita" and find out what a great record it has made since first introduced scarcely a year ago.

Do you know that "Tona Vita" is now pronounced by hundreds of physicians as the most remarkable tonic known. Do you know that "Tona Vita" is used in high-class sanitariums and health resorts as a nerve food and tonic? Do you know that during the past year more than fifty thousand people have stated over their own signatures that "Tona Vita" has completely restored their health?

Mr. James L. Hickey, of 239 North Division street, Buffalo, N. Y., the well known National League Umpire, is one of these. This is what he says:

"The nature of my profession frequently necessitated irregularity in sleeping and eating and as a result I became a victim of nervous debility. I had bad headaches and indigestion. My nerves troubled me also and I did not get sufficient rest from my sleep. I would become fatigued very easily and was almost prostrated by hot weather.

"I had tried other means to restore my normal condition when a friend suggested the tonic 'Tona Vita.' I took his advice and am glad of it. My appetite improved at once. My headaches became less frequent and have gradually disappeared and I am no longer nervous or depressed. My stomach is now in perfect condition, in fact, I am thoroughly rejuvenated."

We have an agent in every city who will refund the purchase price if "Tona Vita" fails to completely build you up.

Brown's Drug Store, Court and Fayette streets has the agency for Tona Vita in Washington, C. H. The Approved Formula Company, Dayton, Ohio.

Band Stand Donated By Leo Katz

Once more on the horizon of summer pleasures looms the possibility of band concerts to be given by the newly organized Washington band. The band boys are enthusiastic—when haven't they been?—and are willing to do everything in their power to give to our citizens and neighbors from nearby towns and country the treat of a good band concert.

Mr. Leo Katz is most generously boosting the project by offering to erect an elaborate band stand at his own expense at the Katz corner, one of the best locations in town, if the boys can get a large enough subscription to justify their attempting the summer concerts.

The benefit of these concerts to the business men of our city is too apparent to need elaboration. Especially since theatres are lighted in the evenings is there great opportunity for the merchant to show his wares and the drug stores, the ice cream parlor, the restaurants, the picture shows and the livery stables could not fail to reap immense benefits from the crowds drawn from a wide radius of territory.

A local merchant was overheard to make the statement that he kept tabs on the goods displayed in his store windows on band concert nights and he found his usual sales doubled on the merchandise that was thus shown to the public. A traveling man, in the same crowd, answered this statement by saying that he and his wife dropped into our city on band concert night, after the stores were closed. His wife in the evening's promenade, saw two articles that impressed her so that she insisted he stop here on his next trip and buy them for her.

It is hoped that our citizens will be liberal in their response to the band concert project and do what they can towards making Washington a live city in its pleasure as well as its business.

The band boys are not promoting a money-making scheme. They only want enough pledged to meet expenses.

Mrs. E. G. Whiting, 360 Willow St., Akron, had a very severe case of kidney trouble, suffered with a bad backache and dizzy headache with shooting pains and was quite miserable. She saw Foley Kidney Pills advertised, took them as directed and they cured her of all her ills. She says: "I can say now I am a well happy woman and I recommend Foley Kidney Pills because I would like to help others who suffer as I did." Blackmer & Tanquary.

NEW TONIC TONA VITA IN USE AT HEALTH RESORTS FOR THIS TROUBLE.

If you are nervous and run-down with little vitality or ambition, and feel generally miserable and half-sick, you are suffering from nervous debility. If so you should investigate the new tonic "Tona Vita" and find out what a great record it has made since first introduced scarcely a year ago.

Do you know that "Tona Vita" is now pronounced by hundreds of physicians as the most remarkable tonic known. Do you know that "Tona Vita" is used in high-class sanitariums and health resorts as a nerve food and tonic? Do you know that during the past year more than fifty thousand people have stated over their own signatures that "Tona Vita" has completely restored their health?

Mr. James L. Hickey, of 330 North Division street, Buffalo, N. Y., the well known National League umpire, is one of these. This is what he says:

"The nature of my profession frequently necessitated irregularity in sleeping and eating and as a result I became a victim of nervous debility. I had bad headaches and indigestion. My nerves troubled me also and I did not get sufficient rest from my sleep. I would become fatigued very easily and was almost prostrated by hot weather.

"I had tried other means to restore my normal condition when a friend suggested the tonic 'Tona Vita.' I took his advice and am glad of it. My appetite improved at once. My headaches became less frequent and have gradually disappeared and I am no longer nervous or depressed. My stomach is now in perfect condition, in fact, I am thoroughly rejuvenated."

We have an agent in every city who will refund the purchase price if "Tona Vita" fails to completely build you up.

Brown's Drug Store, Court and Fayette streets has the agency for Tona Vita in Washington, D. C. The Approved Formula Company, Dayton, Ohio.

Band Stand Donated By Leo Katz

Once more on the horizon of summer pleasures looms the possibility of band concerts to be given by the newly organized Washington band. The band boys are enthusiastic—when haven't they been?—and are willing to do everything in their power to give to our citizens and neighbors from nearby towns and country the treat of a good band concert.

Mr. Leo Katz is most generously boosting the project by offering to erect an elaborate band stand at his own expense at the Katz corner, one of the best locations in town, if the boys can get a large enough subscription to justify their attempting the summer concerts.

The benefit of these concerts to the business men of our city is too apparent to need elaboration. Especially since the stores are lighted in the evenings is there great opportunity for the merchant to show his wares and the drug stores, the ice cream parlor, the restaurants, the picture shows and the livery stables could not fail to reap immense benefits from the crowds drawn from a wide radius of territory.

A local merchant was overheard to make the statement that he kept tabs on the goods displayed in his store windows on band concert nights and he found his usual sales doubled on the merchandise that was thus shown to the public. A traveling man, in the same crowd, answered this statement by saying that he and his wife dropped into our city on band concert night, after the stores were closed. His wife in the evening's promenade, saw two articles that impressed her so that she insisted he stop here on his next trip and buy them for her.

It is hoped that our citizens will be liberal in their response to the band concert project and do what they can towards making Washington a live city in its pleasure as well as its business.

The band boys are not promoting a money-making scheme. They only want enough pledged to meet expenses.

Mrs. E. G. Whiting, 360 Willow St., Akron, had a very severe case of kidney trouble, suffered with a bad backache and dizzy headache with shooting pains and was quite miserable. She saw Foley Kidney Pills advertised, took them as directed and they cured her of all her ills. She says: "I can say now I am a well happy woman and I recommend Foley Kidney Pills because I would like to help others who suffer as I did." Blackmer & Tanquary.

NEIGHBORHOOD NEWS OF GENERAL INTEREST

Herschel King, aged 13, son of George L. King, living north of Cooks Station, is dead, as the result of a gun exploding a few days ago and inflicting injuries from which blood poisoning resulted.

President Taft addressed over 2,000 people at Frankfort Monday. The trip was made from Roxabel in automobiles. The town was decorated with flags and the President was given a rousing reception.

The infant child of Mr. and Mrs. C. L. Weimar, of Sedalia, died Saturday. Funeral services were held Sunday with interment at Book-walter.

Monday, while Mrs. Erk McDorman and daughter were driving along the road some five miles north of Jeffersonville, their horse frightened and the buggy was overturned, throwing both ladies out. A team attached to a disc harrow also took fright and ran over the young woman, cutting and bruising her in a shocking manner.

Jas. Slater, a miller employed at the McCoopin Mill in Highland county, was seriously injured a few days ago when his clothing caught in a set screw on a shafting, winding him up against the ceiling. He will probably recover.

Chas. M. Johnson.

Republican voters of Washington C. H. and Fayette county: Gentlemen:—Having been engaged in my school work and not having sufficient time at my disposal, it may not be possible for me to see many of you. However, I have been a resident of your city for 1 years and of the county for 22 years. I have been a teacher for many years and feel that I am qualified for the position that I seek, that of County Recorder. Having made my campaign on the proposition of a fair and square deal, I am willing to submit to the will of the voters. I have great respect for the soldier, my father having served as one in the Civil War at a time when our country most needed them. I am a member of the K. of P. order and stand for all its principles. I need the office and shall appreciate very much any support you may give me.

Respectfully submitted,

Business Men Deal Cautiously; Why Not the Public?

With the approach of the primary election, which will be held throughout Fayette county on Tuesday, May 21, the voters of both political parties are coming face to face with one of the most important duties that require the attention of the people, that of selecting candidates for public office.

In other words, the people of the county are about to select public servants to take charge of the affairs of government. Every man in the county eligible to vote can, and should take part in this grand plan of government by the people, and without bias or prejudice or submission to other influences than the dictates of his own conscience and judgment, vote for the men he firmly believes are honest, competent and desirous of serving the people faithfully.

What a privilege this is! How can any man in the future blame anybody but himself, if he refuses to take part in the selection of his candidates, and by so doing allows men not fully qualified to be inducted into office. The past few years have witnessed many changes in the manner of conducting public affairs, not the least of which has been the inauguration of the primary election plan. This system has long been desired by the public generally, for the very good reason that the live, up-to-date, progressive citizens know that is vastly better for the people to name their public servants than for a convention, composed of only a small portion of the people, to have that power.

Conventions, possibly, were all right in their day, but that day has passed and gone. Through them in all the dominant parties the will of the people has been thwarted upon numerous occasions and men not the choice of the people have through this means been elevated to office.

Let the changes! Through the admirable working of the primary, every voter, be his station high or low, his influence great or small, his color white or black, is given the wholesome opportunity to go forth in the broad light of day, uncoerced, unhampered and uninfluenced to vote for his servants. Not a voter is barred from taking his part in the fullest measure. Through this means the will of the people can be clearly indicated and nominees can be selected to correctly represent the will of the majority as surely as a business man selects his clerks or a farmer employs his hired man.

The only thing necessary is that every one votes. It is so important and the individual responsibility thus created is so great that every voter should visit the polls. The supremacy of the will of the majority is so essential to good government that every man should make a strong effort to reach the polls in the primary. To fail in this is to shirk the opportunity that has so long been coveted.

In the Republican party in the primary is a goodly number of candidates for the nomination for member of the Board of County Commissioners. For this office three candidates are to be voted for and nominated. Among them is James H. Allen, of this city, concerning whom a lengthy article was published last week. Mr. Allen is a thorough business man, successful, painstaking, competent and courteous. In private life he has demonstrated his capability and he believes that the rules and business methods under which a man successfully conducts his own business, should be applied to public business, to the end that economy and good judgment prevail. That such a policy will result in better and cheaper administrations he verily believes. In this he is backed up by encouraging offers of support from every precinct in the county.

Mr. Allen is making no promises other than that if nominated and elected he will give to the county business the same careful attention that he does to his own. He puts this matter squarely up to the taxpayer, and asks support on this platform, hoping that every voter will go without fail to the polls on May 21 and vote for him in favor of a business man's administration of public affairs.

Both Enter Plea of Guilty

Mrs. Solomon Jackson and Fred Kinnear, both colored, entered pleas of guilty before Mayor Smith Wednesday morning, the former to a charge of assault and the latter to cruelty to animals.

Mrs. Jackson's fine will be announced at four o'clock Wednesday evening.

Kinnear was fined \$5 and the costs. He was represented by F. A. Chaffin, while Fred Cripps, who filed the affidavits was represented by C. A. Reid and also Pope Gregg of the Fayette County Humane society.

Mrs. Jackson contemplates bringing charges against Cripps for provoking a breach of the peace.

The trouble occurred on Columbus avenue Sunday.

First Assessor Makes Return

Assessor Kuhn, of Jeffersonville, completed his work and made his report to Auditor Hinkle Wednesday morning, having his books in excellent condition.

The assessors have until May 26th in which to file their returns with the County Auditor.

Planning The Exposition City

The enthusiasm in civic planning could hardly ask for any task more agreeable or congenial than to have the opportunity to lay out a city and construct it according to his own ideas, from the "grass roots" to the finished details. That is one reason why some of the government experts in Washington are taking a very absorbing interest in the San Diego Exposition, because it is the equivalent of making a complete city, with power plant, roads, waterworks, sewer system, recreation centers, administration headquarters, lighting plant and in short practically all the features of a modern city, which will, during its existence, be obliged to look out for the comfort, welfare and amusement of millions of intelligent people. Col. D. C. Collier, President of the Exposition, has held extended conferences with government scientists and experts, and the city builders everywhere, and their suggestions are being put into effect in the Exposition City. Most of the buildings will be of concrete, steel and glass—fire-proof and permanent standing as perpetual monuments to the enterprise, wisdom and energy of the people of San Diego, of California, and of the other states and communities which erect them. Some of the states and foreign country exhibition buildings will be of this permanent character, and will moreover, be maintained as permanent exhibit palaces where the resources of the exhibitors will be shown forever to the throngs of people who will continually come from all sections of the earth to visit the permanent exhibition. And so the greatest care is being given to make this little but beautiful city an ideal exhibit in city planning.

Packing The Hornet Nest

The United States and Russia may have a chance to add to their large and varied assortment of anarchists when France carries out its threat of driving all members of the Red Community into exile. The spectacular battle with the automobile bandits has called attention to the fact that Paris is now the asylum for thousands of anarchists, criminals and rabid revolutionists drawn from all the countries of Europe. France is determined to tolerate this condition of affairs no longer and has practically decided that these undesirable aliens must go.

GAYNOR FAVORS MERIT SYSTEM

Orders Spirit of Civil Service Law Into Effect.

TECHNICAL COMPLIANCE ENDED

Favoritism, Influence and "Pull" of Every Description Have Been Done Away With in the City Government. Money Is Saved to the Public and Better Service Given.

It has been demonstrated, to the surprise of some people, that those who predicted that if William J. Gaynor was elected mayor of New York he would prove to be a "political fool" were bad prophets. Instead of entering to the politicians Mr. Gaynor has gone to the other extreme, and New York, once the most boss ridden community in the country, now has a more rigid enforcement of the civil service system than any other American city. The mayor is a good party man and believes in properly conducted political organizations, but it is one

of his old fashioned notions that national politics has no place in purely municipal affairs. So, by his direction, the whole city government of New York has been placed on the merit system, and favoritism, influence and "pull" of every description have been done away with.

The change came about through the mayor's discovery, in the course of his searching investigation into all city departments, that the civil service law as it had always been enforced was open to evasion. Under the letter of the law, when an appointment was to be made, the civil service commission certified the names of the first three persons on the list, from which it was required that the selection be made. When it was desired to evade the law and reach some favored person who stood farther down on the eligible list the method was for the head of the department to pick out one of the three first named who could be "reached" and tell him that the appointment would be tendered him, but that he must decline it; that later on another place would be found for him that would be just as good or better, but that for the present he must stand aside if he wished to retain or win the friendship of the politicians. The person knew that if he accepted the appointment he would quickly find influences at work against him, so he invariably declined. If necessary the same performance was repeated with the next three who were certified by the commission, and so on down the line until the man who was to have the place was finally reached. In one instance a position went to a man who at the beginning stood forth on the eligible list. All of those who were ahead of him with proportionately higher percentages of efficiency were obliged to make way for him. The letter of the law had been observed, but its spirit had been outraged.

Following this discovery Mr. Gaynor issued an order to all of his heads of departments that all appointments, of whatever nature or description, must be made in numerical order from the list furnished by the civil service commission. He explained that this naturally would result in some injustices and unsatisfactory appointments, but they would be trifling as compared with the injustices of the old system. The effect of this sweeping mandate was to take the whole city administration out of politics at one stroke of the pen.

Under the old system all heads of departments were forced to devote one-half of every day to interviews with politicians who wanted some one given a job or this or that policeman, fireman, street sweeper or other employee promoted, transferred or discharged. Now there is nothing that can be done for any politician, no matter how powerful he may be, so the department heads are no longer bothered by them, but are left free to give all of their time to the city's business. Consequently they are able to watch things more closely, and the city is saving money and getting better service from its army of employees.

Small Wreck Officials Here

A car of ore on D. T. & I. freight No. 55, jumped the track on "the hill" at Summit Station Tuesday night, and traffic was tied up for several hours until the wreck was cleared up. The spill was caused by a broken flange.

Supt. J. H. Frazer passed through the city in a private car attached to the south-bound morning train, making his farewell trip before going east to assume charge of the Maine Central.

Division Superintendent George F. Johnson, of the N. & W. and other officials passed through the city this week, investigating the condition of the road.

OBITUARY.

Henry S. Limes, son of Harmon and Elizabeth Limes, was born near Staunton, Fayette county, Ohio, May 15, 1842, and departed this life April 27th, 1912, aged 69 years, 11 months and 12 days. He was one of 9 children born to this family, all of which have preceded him to the better world, except one brother, W. A. Limes, who resides 2 miles west of this city, and on account of affliction is unable to attend the funeral of his only brother. Mr. Limes was identified with the M. E. church of Staunton, O., where he held a membership until he removed to this city. When the Civil War broke out he was one who answered his country's call, and enlisted under Capt. John H. Robinson, Company A, First Ohio Volunteer cavalry, for a period of 3 years, and was mustered out with an honorable discharge on the 15th day of September, 1864. After returning home from the service he became actively engaged in farming and painting. He was united in marriage to Miss Elizabeth J. Miller on the 3rd day of October, 1868, by Rev. R. B. Lamm of this city. They lived together in the holy bonds of wedlock until the year 1906, and on the 9th day of November of this year mentioned, his good Christian wife was called to the better land. Of recent years he has been engaged in the mercantile business in Staunton and Washington C. H., O., until health failed him, and he was compelled to retire from active business.

On the 20th day of July, 1907, he was united in marriage to Mrs. Elizabeth Ayers, of Indianapolis, Ind., who now survives to mourn his loss. So one by one we are answering the last Roll Call.

CARD OF THANKS.

We wish to thank the John M. Bell post, the Jr. O. U. A. M., the various Relief corps, the Mite societies and neighbors and friends for the beautiful flowers and Rev. Locke, and all who extended their sympathy in the time of our great loss and sorrow.

Police Hunting Missing Horse

A horse owned by Al Johnson, the South Fayette street butcher, has been missing for several days, and he has appealed to the police to assist him in recovering it.

Last Saturday evening while watering the horse, he was called to the meat market, and left the horse at the tank, supposing it would return to the barn. When he looked for the animal in the barn it was nowhere to be found, nor has he since heard from it.

It is believed that the horse might have wandered away and has been appropriated.

SLEEPS WELL AT NIGHT.

If you want to know how a man feels who has allowed his health to break down, and then finds a way of regaining it, just read this letter from Joseph J. Fagan, of New York City.

"Nearly all last winter I was in poor health owing to a general run-down condition. I had very little appetite and did not sleep well."

"In March I began to take your delicious cod liver and iron preparation Vinol, and soon noticed a great improvement in my health. My appetite returned, and I can now enjoy my meals and get good rest at night. I have not felt better for years than I have since taking Vinol."

Mr. Fagan did not risk a cent to get well for his money would have been paid back if Vinol had not helped him.

We don't see how any person in poor health, weak, pale, nervous or unable to sleep can hesitate a moment about beginning the use of Vinol. We have known Vinol to make so many people healthy and strong again, that we recommend it to you with the greatest confidence. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

Change Convention City.

Columbus, O., May 8.—Overriding their officials, the delegates to the annual convention of the Hocking valley miners transferred the convention from Logan to Columbus, where it will be in session two weeks or more. Athens is the regular meeting place, but the officials decided to change this to Logan. When the convention opened the delegates took issue with the officials and voted to come to Columbus at once, which they did without loss of time.

Know Thyself

Be Thyself

There comes a time in the life of every young man or woman which he must face the question which course to take. Upon his decision will depend largely the complexion of his whole life. The step taken cannot be retraced.

How is the young man to know which course to take? The first thing is to take the advice of the ancient Socrates: "Know thyself." If a person has really discovered himself he has gone half way in making his decision. The next thing is to know the situation, the ground, the background and the personnel of the situation.

Hitch your decision to the great governing principles which unite God and man. For the common good of all, base your decision on the great social principle that you are in the world not to get out of it all you can, but to put into it all you can. Make your life's principle the greatest reason why you should be on earth. Let your daily conduct be a proposition too big for the devil to handle and too valuable for the world to lose.—Rev. Dr. Robert J. McAlpine of Cleveland.

GAYNOR FAVORS MERIT SYSTEM

Orders Spirit of Civil Service Law Into Effect.

TECHNICAL COMPLIANCE ENDED

Favoritism, Influence and "Pull" of Every Description Have Been Done Away With in the City Government. Money Is Saved to the Public and Better Service Given.

It has been demonstrated, to the surprise of some people, that those who predicted that if William J. Gaynor was elected mayor of New York he would prove to be a "political fool" were bad prophets. Instead of catering to the politicians Mr. Gaynor has gone to the other extreme, and New York, once the most boss ridden community in the country, now has a more rigid enforcement of the civil service system than any other American city. The mayor is a good party man and believes in properly conducted political organizations, but it is one

MAYOR GAYNOR INSPECTING WASHINGTON MARKET.

of his old fashioned notions that national politics has no place in purely municipal affairs. So, by his direction, the whole city government of New York has been placed on the merit system, and favoritism, influence and "pull" of every description have been done away with.

The change came about through the mayor's discovery, in the course of his searching investigation into all city departments, that the civil service law as it had always been enforced was open to evasion. Under the letter of the law, when an appointment was to be made, the civil service commission certified the names of the first three persons on the list, from which it was required that the selection be made. When it was desired to evade the law and reach some favored person who stood farther down on the eligible list the method was for the head of the department to pick out one of the three first named who could be "reached" and tell him that the appointment would be tendered him, but that he must decline it; that later on another place would be found for him that would be just as good or better, but that for the present he must stand aside if he wished to retain or win the friendship of the politicians. The person knew that if he accepted the appointment he would quickly find influences at work against him, so he invariably declined. If necessary the same performance was repeated with the next three who were certified by the commission, and so on down the line until the man who was to have the place was finally reached. In one instance a position went to a man who at the beginning stood forthieth on the eligible list. All of those who were ahead of him with proportionately higher percentages of efficiency were obliged to make way for him. The letter of the law had been observed, but its spirit had been outraged.

Following this discovery Mr. Gaynor issued an order to all of his heads of departments that all appointments, of whatever nature or description, must be made in numerical order from the list furnished by the civil service commission. He explained that this naturally would result in some injustices and unsatisfactory appointments, but they would be trifling as compared with the injustices of the old system. The effect of this sweeping mandate was to take the whole city administration out of politics at one stroke of the pen.

Under the old system all heads of departments were forced to devote one-half of every day to interviews with politicians who wanted some one given a job or this or that policeman, fireman, street sweeper or other employee promoted, transferred or discharged. Now there is nothing that can be done for any politician, no matter how powerful he may be, so the department heads are no longer bothered by them, but are left free to give all of their time to the city's business. Consequently they are able to watch things more closely, and the city is saving money and getting better service from the army of employes.

SLEEPS WELL AT NIGHT

If you want to know how a man feels who has allowed his health to break down, and then finds a way of regaining it, just read this letter from Joseph J. Fagan, of New York City.

"Nearly all last winter I was in poor health owing to a general run-down condition. I had very little appetite and did not sleep well."

"In March I began to take your delicious cod liver and iron preparation Vinol, and soon noticed a great improvement in my health. My appetite returned, and I can now enjoy my meals and get good rest at night."

"I have not felt better for years than I have since taking Vinol." Mr. Fagan did not risk a cent to get well for his money would have been paid back if Vinol had not helped him.

New Arrivals At Ohio Pen

There comes a time in the life of every young man or woman when he must face the question which course to take. Upon his decision will depend largely the complexion of his whole life. The step taken cannot be retraced.

How is the young man to know which course to take? The first thing is to take the advice of the ancient Socrates: "Know thyself." If a person has really discovered himself he has gone half way in making his decision. The next thing is to know the situation, the ground, the background and the personnel of the situation.

Hitch your decision to the great governing principles which unite God and man. For the common good of all, base your decision on the great social principle that you are in the world not to get out of it all you can, but to put into it all you can. Make your life's principle the greatest reason why you should be on earth. Let your daily conduct be a proposition too big for the devil to handle and too valuable for the world to lose.—Rev. Dr. Robert J. McAlpine of Cleveland.

Picks Up Wire Is Electrocuted

Mr. Robert Jenson, of this city, was called to the home of his brother-in-law in Mansfield yesterday by a tragedy which has brought sudden and blighting sorrow to a happy family. The fourteen-year-old son of the house, John, accidentally picked up a crossed electric wire Sunday night and was instantly killed by the bolt of electricity. The parents had gone to church leaving their two sons, the older 14, the younger 6, on the porch. The are light on the street went out and the older boy walked to the street to throw the current back, as he had seen his father do. There had been a storm and it is supposed that the storm had crossed the wires for the boy took hold of a live wire. The little 6-year-old brother waited a while and walked out to the lamp to find his brother dead below it. He ran to the church for his parents, who with friends rushed to the home only to find that the young boy had been electrocuted when he touched the wire. The boy was a bright young student and very popular, so that the entire community is distressed over the accident.

"WILD BILL" DONOVAN MADE ATKINS SHAKE

Pitcher Donovan of Detroit.

Harry Davis isn't worried any more about the Detroit club than about six others which have permanent aspirations, says Tom Terrell in the Cleveland Leader. Also Davis isn't worried any more about the "secrets" which will be whispered by "Jim" McGuire than he is about his salary for 1912. There will be some reasons for fire between the Tigers and the Naps this year. The reasons are twofold—Davis and Livingstone. The Tigers love the Athletics like the ordinary creature loves a snake. Harry and Paddy are not the least among the unloved ones. No Detroit Athletic game in recent years was devoid of desert in the matter of choice reported. Paddy Livingstone rebuffed one of the games a couple of years ago to recall an amusing incident. "Bill" Donovan was pitching. When it comes to the art of displaying one's oratorical powers in choice language, "Bill" hits 400. Most players steer clear of "Bill" "Tommy" Atkins, the Painesville high school wonder, was with the Athletics at that time. He was sent to the coaching lines to yell. "Bill" "Tommy" did. When the Athletics started to go to the field at the close of the game and the Tigers went to bat, Atkins started for the bench with Donovan following him. "Bill" didn't stop until he reached the bench. Leaning over and sticking one finger dangerously close to Atkins' face, "Bill" gurgled. "Say, you little shriveled up shrimp, if I ever hear you chirp again I'll sprinkle your head all over your pliz." Atkins was considerably nervous. "I didn't mean to hurt your feeling," he spluttered as "Bill" walked away. Then turning to his teammates, as "Bill" was beyond speaking distance, Atkins whined, "You're a fine bunch of guys. I thought you'd stand by me."

NOTES OF SPORTIDOM

Baseball is becoming so popular it has spread to the penitentiaries. The pitcher's box should be on the level, the same as the pitcher, some critics contend. Garry Herrmann has decided the new leagues will burn out faster by not fanning the flames. When the major leagues expand they will never permit a minor circuit to do their expansion for them. The expansion of the American association is no new thing at all, for it has been talked by the magnates for at least two years. American association clubs were boosted to a high classification and now the major league bees are buzzing in their bonnets again. Tip O'Neill, president of the Western league, is thinking seriously of invading Chicago, but is not certain just when or where he will light. "Wee Willie" Keeler of the old Orioles is still a prominent figure in baseball. He will coach for Brooklyn this season and chances are the Superbas will know just what to do if they are unable to win everything they would like. Gotch, the fans are told, turned Zhysko down for a handicap match in New York. He also refused to meet Leo Pardello and the Mysterious Waffles. Billy Evans and Jack Sheridan are unanimous that honesty is the bulwark of baseball. Other umpires weren't asked, but it is thought there will be no objection to this stand. Connie Mack is far from being a chronic kicker, but the great and only baseball sphinx set up an awful holler about the American League schedule, if he was reported correctly. Clark Griffith was praised in Washington for his trade of Gabby Street for Jack Knight, but the Naps' officials in Cleveland are being "panned" for trading Stovall for Lefty George. If the American association goes through with its propaganda for expansion the Western league may block the move in a way with its proposed "counter contraction" scheme. Chicago paid more money, to visiting ball teams in the American league last summer than any other city in the league. Detroit comes next, and Detroit fans are up in arms against the assertion that Detroit is a poor ball town.

STORIES OF THE DIAMOND

To hear any baseball team tell it, the pennant is as good as won already. Dallas has released eight players to the Tyler team of the South Central league. Bobby Byrne, the St. Louis boy, again will be the lead-off stickler for the Pirates this season. George Mullin of Detroit said last season that Joe Jackson wouldn't bat 250 last season. Joe hit 108. Detroit is trying to sign John J. McCormick, the Holyoke boy who formerly caught for Cornell university. George Mullin of the Tigers says he fears Austin at the plate more than any other player in the American league. If I don't catch 140 games this year it will be due to broken fingers, says Gabby Street, the Highlanders' catcher. "If St. Louis could buy Lajoie for \$10,000 he would more than earn the purchase price back for them in ten days," says Hughie Jennings. Cy Young is the oldest ball player, and Pitcher McFigue, the youngest, in the National league. Both players are members of the Boston Braves. Charley Starr, Mobile's new captain and second baseman, should be the most thoroughly boiled man in the business. He has been at the springs all winter. Philadelphia boosters of the Athletics say Chief Bender is in shape to lead the American league pitchers again this season, making a record of three years in a row. Manager Jennings has turned the young Detroit amateur, Mike Mauer, over to Saginaw for seasoning, with a promise that he shall have another chance with the Tigers in 1912. Time never hangs heavily on Mike Mauer's hands, even when it rains, for he is said to spend three hours a day changing clothes and wears at least seven different suits each day. Paul Strand, the Spokane schoolboy wonder who was sold to the Boston Americans for \$5,000 and then turned over to San Francisco, had his trial with the Giants the other day. Nine runs batted off him in one inning was the story.

Bookwalter

Mrs. Beattie Hidy, of near Pancake Chapel, was a guest of Alfred Hidy over Sunday. Mrs. Chas. Cox and daughter, Orpha, were shopping in Washington Saturday. C. D. Yeoman and daughter, Lois, were Jeffersonville visitors Sunday. W. L. Fulton made a business trip to South Solon Monday. Miss Ellen Woodland of Bloomington was here on business Monday. Allen Ellaso and wife were Sunday guests of John Paul. Grant Stoughton made a business trip to South Solon Tuesday. O. D. Cox is painting a large new barn near Blessing's Crossing. C. D. Yeoman was transacting business at South Solon Tuesday.

Picks Up Wire Is Electrocuted

Mr. Robert Jessen of this city was called to the home of his brother in Mansfield yesterday by a tragedy which has brought sudden and blighting sorrow to a happy family. The fourteen-year-old son of the house, John, accidentally picked up a crossed electric wire Sunday night and was instantly killed by the bolt of electricity. The parents had gone to church leaving their two sons, the older 14, the younger 6, on the porch. The are light on the street went out and the older boy walked to the street to throw the current back, as he had seen his father do. There had been a storm and it is supposed that the storm had crossed the wires for the boy took hold of a live wire. The little 6-year-old brother waited a while and walked out to the lamp to find his brother dead below it. He ran to the church for his parents, who with friends rushed to the home only to find that the young boy had been electrocuted when he touched the wire. The boy was a bright young student and very popular, so that the entire community is distressed over the accident.

"WILD BILL" DONOVAN MADE ATKINS QUAKE

Pitcher Donovan of Detroit.

Harry Davis isn't worried any more about the Detroit club than about six others which have pennant aspirations, says Tom Terrell in the Cleveland Leader. Also Davis isn't worried any more about the "secrets" which will be whispered by "Jim" McGuire than he is about his salary for 1912.

There will be some reasons for fire between the Tigers and the Naps this year. The reasons are twofold—Davis and Livingstone. The Tigers love the Athletics like the ordinary creature loves a snake. Harry and Paddy are not the least among the beloved ones.

No Detroit Athletic game in recent years was devoid of desert in the matter of choice repartee. Paddy Livingstone rebuked one of the games a couple of years ago to recall an amusing incident. "Bill" Donovan was pitching. When it comes to the art of displaying one's oratorical powers in choice language, "Bill" hits 400.

Most players steer clear of "Bill." "Tommy" Atkins, the Painesville high school wonder, was with the Athletics at that time. He was sent to the coaching lines to coach "Bill." "Tommy" did. When the Athletics started to go to the field at the close of the inning and the Tigers went to bat, Atkins started for the bench with Donovan following him. "Bill" didn't stop until he reached the bench. Leaning over and sticking one finger dangle, only close to Atkins' face, "Bill" gurgled:

"Say, you little shriveled up shrimp, if I ever hear you chirp again I'll sprinkle your bunk all over your phiz."

Atkins was considerably nervous. "I didn't mean to hurt your feeling," he spluttered as "Bill" walked away. Then turning to his teammates, as "Bill" was beyond speaking distance, Atkins whined, "You're a fine bunch of guys. I thought you'd stand by me."

perbas will know just what to do if they are unable to win everything they would like.

Gotch, the fans are told, turned Zhyzak down for a handicap match in New York. He also refused to meet Leo Fardello and the Mysterious Waffles.

Billy Evans and Jack Sheridan are unanimous that honesty is the bulwark of baseball. Other umpires weren't asked, but it is thought there will be no objection to this stand.

Connie Mack is far from being a chronic kicker, but the great and only baseball sphinx set up an awful holler about the American League schedule, if he was reported correctly.

Clark Griffith was praised in Washington for his trade of Gabby Street for Jack Knight, but the Naps' officials in Cleveland are being "panned" for trading Stovall for Lefty Goege.

If the American association goes through with its propaganda for expansion the Western League may block the move in a way with its proposed "counter contraction" scheme.

Chicago paid more money, to visiting ball teams in the American league last summer than any other city in the league. Detroit comes next, and Detroit fans are up in arms against the assertion that Detroit is a poor ball town.

STORIES OF THE DIAMOND

To hear any baseball team tell it, the pennant is as good as won at ready.

Dallas has released eight players to the Tyler team of the South Central league.

Hobby Byrne, the St. Louis boy, again will be the lead-off sticker for the Pirates this season.

George Mullin of Detroit said last season that Joe Jackson wouldn't bat 250 last season. Joe hit 408.

Detroit is trying to sign John J. McCormick, the Holyoke boy who formerly caught for Cornell university.

George Mullin of the Tigers says he fears Austin at the plate more than any other player in the American league.

If I don't catch 140 games this year it will be due to broken fingers," says Gabby Street, the Highlanders' catcher.

"If St. Louis could buy Lajoie for \$10,000 he would more than earn the purchase price back for them in ten days," says Hughie Jennings.

Cy Young is the oldest ball player, and Pitcher McFigue, the youngest, in the National league. Both players are members of the Boston Braves.

Charley Starr, Mobile's new captain and second baseman, should be the most thoroughly boiled man in the business. He has been at the springs all winter.

Philadelphia boosters of the Athletics say Chief Bender is in shape to lead the American league pitchers again this season, making a record of three years in a row.

Manager Jennings has turned the young Detroit amateur, Mike Mauer, over to Saginaw for seasoning, with a promise that he shall have another chance with the Tigers in 1913.

Time never hangs heavily on Mike Mauer's hands, even when it rains, for he is said to spend three hours a day changing clothes and wears at least seven different suits each day.

Paul Strand, the Spokane schoolboy wonder who was sold to the Boston Americans for \$5,000 and then turned over to San Francisco, had his trial with the Giants the other day. Nine runs batted off him in one inning was the story.

Mrs. Beattie Hidy, of near Pancake Chapel, was a guest of Alfred Hidy over Sunday.

Mrs. Chas. Coe and daughter, Orpha, were shopping in Washington Saturday.

C. D. Yeoman and daughter, Leda, were Jeffersonville visitors Sunday.

W. L. Fulton made a business trip to South Solon Monday.

Miss Ellen Woodland of Bloomington was here on business Monday.

Allen Ellaso and wife were Sunday guests of John Paul.

Grant Stoughton made a business trip to South Solon Tuesday.

O. D. Coe is painting a large new barn near Blessing's Crossing.

Captain of Transport Finds Few Desiring to Leave Mexico.

Washington, May 8.—Reports of Americans in distress on the west coast of Mexico have been much exaggerated, according to dispatches received at the war department from Captain Frank D. Ely of the army transport Buford, sent to the Mexican coast to rescue any Americans or other foreigners. Captain Ely arrived at Los Mochas from Mazatlan and found less than a dozen of the Americans waiting to board the Buford. It has been reported a refugee colony of more than 500 was awaiting aid from the United States. Captain Ely said all seemed quiet and he intends returning to Mazatlan with those desiring to leave Los Mochas, and at Mazatlan he expects to take on about 65 persons who wish to leave Mexico.

The child of John Parsons, Stewart, Ohio, was given up to die with a severe attack of croup and several neighbors and relatives had gathered to witness the end. Mr. Parsons says: "The doctor said baby would surely die, when we began using Foley's Honey and Tar Compound and two bottles cured the child who is alive and well today. We use Foley's Honey and Tar Compound as our only cough medicine." Blackmer & Tanquary.

Convict Victorious In Seige

Wins Fight and Now Contract Work Is Optional With Prisoners.

Columbus, O., May 8.—William Simpson, alias "Kelly the Yegg," Fulton county convict, who refused to work on contract labor at the penitentiary and who was threatened with confinement in a steel "redaction cage," has won his fight against contract work. Jones said that if convicts now working on contract labor desired to be placed at work elsewhere he would oblige them. "Working for outside firms as long as they remain here will henceforth be optional," said Jones. "Some prisoners prefer to work there, as it means more money to them."

Thomas McKinney, 215 First St., Piqua, a veteran of the Civil War, was laid up with backache, rheumatic pains across the hips, spells of dizziness, and other grave symptoms of kidney disorder. He was nervous, in constant misery, and medicine failed to help him. He finally took Foley Kidney Pills and says: "They cured me in one month of all my trouble and I again feel well in every respect." Blackmer & Tanquary.

Charged With Murder.

Martine Perry, O., May 8.—An interesting chapter was added to the revolver duel in this city 19 days ago, in which two men were killed outright, when Robert Scott, supposed to have been only an onlooker, was held without bond to await grand jury investigation on a charge of first degree murder. Suspicion was directed against Scott by reason of the alleged fact that Shaffer, the last on his feet in the duel, fell to the ground after Smith had fallen, pierced through the heart.

Admits Shooting Mother.

Paterson, N. J., May 8.—Admitting that for weeks he had daily planned to murder his mother only to lose heart when the time came, Lester E. Snyder, an 18-year-old boy, was committed to wait the outcome of wounds he inflicted on his mother and his aged grandmother as they lay in bed. After shooting them the boy tried to beat them to death with the butt end of the revolver. Both will recover.

Held For Killing Mother.

Rushville, Ind., May 8.—Paul Harris was arrested, charged with the murder of his mother, whose charred body was found in her burning home near here. Harris, it is alleged, killed his mother to get possession of her property. He declares he is innocent.

Declares Richeson Really A Mormon

Woman Declares Condemned Baptist Preacher Elder In Church.

Boston, May 8.—Clarence V. T. Richeson, under sentence of death for the murder of Avis Linnell, has been a Mormon elder and secretly connected with the Mormon organization for several years, although preaching from a Baptist pulpit, according to a sworn statement made before William A. Thibodeau, an attorney and justice of the peace. The author of the affidavit, Mrs. Louis E. Brittain, claims to have been formerly connected with the Mormon church and to have been a celestial wife of a New York man who is at the head of the organization in the east.

In the statement Mrs. Brittain states that she has known Richeson for several years, first meeting him three years ago at a Mormon conference held on Staten Island, where she says the Baptist clergyman was recognized as one of the Mormon elders and was particularly active in the affairs of the conference. She has since seen him many times in and about Boston and has given him the Mormon sign, which were always answered, she claims.

HEADACHE?—IT'S YOUR LIVER

Too Many People Take Headache Powders When a Liver Tonic Is Needed.

Try Olive Tablets—the Substitute for Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of its bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar-coated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own."

Such a measure of human perfection comes to the most of us, only to be accepted as a matter of course, with

Scarcely Any Value Placed Upon It

It's not until something in our intricate organism breaks down or clogs up that we begin to realize the real and incalculable value of health.

Health succumbs to diseases and practices preventable and unpreventable, but the one most hideous disease that stalks abroad in our fair land, slaying and maiming victims everywhere that his poisonous touch is permitted, is the alcoholic and drug habit. This frightful disease claims thousands of victims outright, and lays the foundation for other diseases that annually carry off many more.

Although preventable, this monstrous disease

Very few are able to throw off the terrible cravings of this disease and the longer it goes, the harder and more impossible it is for the sufferer to summon energy enough to conquer the enemy.

Charged With Murder.

Martina Perry, O., May 8.—An interesting chapter was added to the revolver duel in this city 19 days ago, in which two men were killed outright, when Robert Scott, supposed to have been only an onlooker, was held without bond to await grand jury investigation on a charge of first degree murder. Suspicion was directed against Scott by reason of the alleged fact that Shaffer, the last on his feet in the duel, fell to the ground after Smith had fallen, pierced through the heart.

Admits Shooting Mother.

Paterson, N. J., May 8.—Admitting that for weeks he had daily planned to murder his mother only to lose heart when the time came, Lester E. Snyder, an 18-year-old boy, was committed to wait the outcome of wounds he inflicted on his mother and his aged grandmother as they lay in bed. After shooting them the boy tried to beat them to death with the butt end of the revolver. Both will recover.

Held For Killing Mother.

Rushville, Ind., May 8.—Paul Harris was arrested, charged with the murder of his mother, whose charred body was found in her burning home near here. Harris, it is alleged, killed his mother to get possession of her property. He declares he is innocent.

Declares Richeson Really A Mormon

Woman Declares Condemned Baptist Preacher Elder In Church.

Boston, May 8.—Clarence V. T. Richeson, under sentence of death for the murder of Avis Linnell, has been a Mormon elder and secretly connected with the Mormon organization for several years, although preaching from a Baptist pulpit, according to a sworn statement made before William A. Thibodeau, an attorney and justice of the peace. The author of the affidavit, Mrs. Louis E. Brittain, claims to have been formerly connected with the Mormon church and to have been a celestial wife of a New York man who is at the head of the organization in the east.

In the statement Mrs. Brittain states that she has known Richeson for several years, first meeting him three years ago at a Mormon conference held on Staten Island, where she says the Baptist clergyman was recognized as one of the Mormon elders and was particularly active in the affairs of the conference. She has since seen him many times in and about Boston and has given him the Mormon signs, which were always answered, she claims.

HEADACHE—IT'S YOUR LIVER

Too Many People Take Headache Powders When a Liver Tonic Is Needed

Try Olive Tablets—the Substitute for Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of its bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar-coated, easy to take and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own."

10c and 25c per box.

Expect Huffman Jury Today.

Columbus, O., May 8.—The state has exercised all its peremptory challenges in securing a jury to try Senator James E. Huffman on a bribery charge. It is expected that the jury will be completed late today.

More Precious Than Riches

is the full measure of health, with its light, bounding step, its joy of living, its confidence-inspiring independence and its thousand and one comforts and pleasures that can be obtained in no other way. Such a measure of human perfection comes to the most of us, only to be accepted as a matter of course, with

Scarcely Any Value Placed Upon It

It's not until something in our intricate organism breaks down or clogs up that we begin to realize the real and incalculable value of health.

Health succumbs to diseases and practices preventable and unpreventable, but the one most hideous disease that stalks abroad in our fair land, slaying and maiming victims everywhere that his poisonous touch is permitted, is the alcoholic and drug habit. This frightful disease claims thousands of victims outright, and lays the foundation for other diseases that annually carry off many more.

Although preventable, this monstrous disease

Gathers Momentum Each Passing Day

and more and more victims become its prey.

Very few are able to throw off the terrible cravings of this disease and the longer it goes, the harder and more impossible it is for the sufferer to summon energy enough to conquer the enemy.

But there is a way. The Keeley treatment is absolute master of these kindred life-destroying diseases.

Like Magic It Drives

the degrading poisons from the system and supplants the desire for alcohol and drugs with the clean, clear-cut determination to go forth free. It is a blessing within the reach of all and one that never fails. Full particulars freely given. Write at once to the Keeley Institute, Chas. R.
